

Plant Name	Cultivar	Description	Plant Size	Zone Hardy	Pot Size	Price	Exposure
Almond	Pink Flowering	Upright, vase-shaped, deciduous shrub with masses of double pink flowers in early spring before the light green foliage develops.	4' x 3'	4	#3	29.5	Part Shade
Arborvitae	Emerald Green	One of the finest columnar or narrow pyramidal arborvitae. Rich bright green, fine-textured foliage summer and winter. Compact growth habit.	10 x 3	4	#5	38.99	Sun to Part shade
Arborvitae	Spring Grove	A fast growing, cold hardy Western Arborvitae selected at the Spring Grove Cemetery & Arboretum in Cincinnati, OH. Rich green foliage that maintains excellent winter color and a tight pyramidal habit. Resistance to deer browsing.	20'+	5	#2	19.99	Sun to Part shade
Arborvitae	Techney	Hardy & compact conical form with a broad base. Deep green foliage remain unchanged in the winter. Good hedge plant.	10'-15'	3	#1	11.99	Sun to Shade
Azalea	Pleasant White	Single white blooms & medium compact habit.	5' x 4'	5	#2	25.99	Shade to Part Sun
Azalea	Karen	An evergreen azalea, with single, purple blooms on a spreading plant. Mahogany foliage in the fall. Early flowering. Very hardy. Azaleas require loam soil with adequate drainage. Plant in protected areas.	3'-4'	5	#2	25.99	Shade to Part Sun
Azalea	Renee Michelle	A hardy evergreen azalea with single, dark pink, large blooms on compact plant. Dark green foliage & a late bloomer. Azaleas require a loam soil with adequate drainage.	2 to 3' tall	3	#2	25.99	Shade to Part Sun
Azalea	Rosebud	Triple, clear pink, rose-like flowers on a spreading evergreen plant. Late flowering. Azaleas require a loam soil with adequate drainage. Avoid heavy clay soil. Plant in a protected area.	3'-4' x 3'	5	#2	25.99	Shade to Part Sun
Azalea	Stewartsonian	Single red-orange blooms on a upright evergreen plant. Blooms late spring. Fall foliage is wine-red colored. Azaleas require loam soil with adequate drainage.	3'-5' x 4'	5	#2	25.99	Shade to Part Sun
Azalea	Pleasant White	Large, single pure white blossoms on a spreading plant. Late flowering. Girard Hybrid.	2-3'		#2	24.99	Shade to Part Sun
Barberry	Bonanza Gold	A low maintenance dwarf pygmy barberry with exceptional bright gold foliage. More compact than 'crimson pygmy'. Full sun for best color.	18" x 36"	4	#3	31.5	Sun
Barberry	Crimson Pygmy	(Compact) A new, more compact selection of Crimson Pygmy Barberry. A plant 6 to 8 years old will only be 1 1/2 to 2' high & 2' wide. Foliage is deep crimson color.	11/2-2' x 2'	4	#1	9.99	Sun to Part shade
Barberry	Crimson Pygmy	(Compact) A new, more compact selection of Crimson Pygmy Barberry. A plant 6 to 8 years old will only be 1 1/2 to 2' high & 2' wide. Foliage is deep crimson color.	11/2-2' x 2'	4	#2	20.69	Sun to Part shade
Barberry	Rosy Glow	A densely branched deciduous small shrub. New foliage is silvery-pink to rose-red, changing to purplish-pink and is most spectacular planted in full sun.	3-4' x 2'	4	#2	24.99	Sun to Part shade
Barberry	Rosy Glow	A densely branched deciduous small shrub. New foliage is silvery-pink to rose-red, changing to purplish-pink and is most spectacular planted in full sun.	3-4' x 2'	4	#1	9.99	Sun to Part shade
Beech	Tricolor	An attractive purple leaved form with a distinct cream & pink border surrounding the purple center. Plant in partial shade for best results.	35' x 20'	5	B&B	108.99	Partial Shade
Birch	Heritage clump	An outstanding tree that is highlighted by dark, glossy green leaves turning yellow in fall and peeling salmon-white bark. Has outstanding bark flaking characteristics. Fast growing.	40-70' x 40-60	4	#15	75	Sun
Boxwood	Green Gem	A slow growing dwarf. Its green foliage is retained through the winter. Ideal for low formal hedges.	2' x 2'	5	#2	22.99	Sun to Part shade

Boxwood	Green Mountain	A fine compact dense, slow growing evergreen boxwood that reaches 5 feet tall by 4 feet wide. Bright green color softens to golden winter color. Ideal for growing into pyramids	5x4	5 #3	41.99 Sun to Part shade
Boxwood	Green Mountain	A fine compact dense, slow growing evergreen boxwood that reaches 5 feet tall by 4 feet wide. Bright green color softens to golden winter color. Ideal for growing into pyramids	5' x 4'	5 #2	28.99 Sun to Part shade
Boxwood	Green Velvet	This vigorous globe-shaped boxwood with dark green and retains its color in winter. Excellent for hedges and borders.	3' x 3'	5 #2	22.99 Sun to Part shade
Butterfly Bush	Black Knight	Hardy deciduous, summer-blooming shrub that bears an exciting array of spectacular deep purple-black flower spikes. May have some die back in Northern areas. Attracts butterflies & good for cut flower.	6'-8'	5 #1	8.99 Sun
Butterfly Bush	Nanho Blue	Mauve-blue flower spikes are abundantly produced over the small gray-green leaves all summer long. A dense, compact butterfly shrub. Attracts butterflies & good for cut flower.	3'-5' x 3'	5 #1	8.99 Sun
Butterfly Bush	Royal Red	Hardy deciduous summer blooming shrub. It bears an exciting array of spectacular flower spikes. Best flowering may result if canes cut back to the ground. Flowers on new growth.	5-10' x 6'	5 #1	8.99 Sun
Butterfly Bush	Summer Beauty	Large trusses of deep rose pink blooms.	6-7'	5 #1	8.99 Sun
Butterfly Bush	Tri-Color	Pink, White and claret purple blooms all together on a hardy deciduous, summer blooming shrub. It bears an exciting array of spectacular flowers spikes. Attracts butterflies & good cut flower. May have some die back in Northern areas.	5-10' x 6'	5 #3	24.99 Sun
Caryopteris	Longwood Blue	A wonderful shrub & a great addition to late summer color in the perennial border. Silvery foliage and violet blue flowers. Blooms late summer until frost.	18"-24"	5 #2	18.99 Sun
Caryopteris	Dark Knight	Small deciduous shrub with dark green foliage and a mounding habit. Deep bluish-purple flowers from July to frost. Good for cut flowers and attracts butterflies.		#5	36.99
Cedar	Weeping Blue Atlas	Powdery steel-blue needles borne in whorls. Easily trained as espalier. Drooping vertical branches and no well-defined central leader.	6-10'	6 #5	72.99
Chamaecyparis	Gold Mop	A mounding form with yellow, thread like foliage. Best in full sun.		5 #3	28.99 Sun
Clethra	Hummingbird	Also known as Summersweet. Glossy dark green foliage & a dense, mounded habit make this choice plant indispensable. Fragrant white flowers in midsummer and yellow fall color. Attracts butterflies.	30"	4 #2	Sun to Part shade
Clethra	Ruby Spice	Also known as Summersweet. Glossy dark green foliage & a dense, mounded habit make this choice plant indispensable. Dark rose blooms hold their color during entire bloom cycle. Does prefer moist site.	6' X 6'	3 #3	24.99 Sun to Part Shade
Cotoneaster	Cranberry	A low, spreading groundcover shrub with glossy dark green leaves that create a perfect background for the cranberry red berries produced in the fall. Pink blossoms line the branches in the spring.	3' x 3-6'	5 #1	10.99 Sun
Cotoneaster	Tom Thumb	A dense creeping plant forming a low mound with bright green foliage. Dark red 1/4" fruit in early fall. A beautiful ground cover.	18" x 4-6'	4 #1	10.99 Sun
Crabapple	Brandywine	A vigorous, upright, spreading, symmetrical tree. The foliage is dark green with a wine-red overcast turning purple in the fall. The double flowers are fragrant rose to deep pink resembling rosebuds. Fruit is larger.	20' x 20'	4 #5	42.5 Sun
Crabapple	Coralburst	Small growing variety. Pruning seldom needed. Forms a compact rounded head. Tiny dark green leaves and ruby red buds opening to semi-double pink blossoms. The fruit is reddish-orange & 1/2" in size.	8-10' x 12-15'	3 #15	95.99 Sun
Crabapple	Golden Raindrops	This vase-shaped tree has deeply cut, finely textured leaves turning a bright yellow-orange with a hint of purple & red in the fall. Spring brings white star-like flowers with a bright yellow center, followed by tiny golden yellow fruits.		4 #5	38.99 Sun

Crabapple	Prairifire	Excellent disease resistance. Flower buds a red opening to dark pinkish red single bloom. Red-purple foliage becoming reddish green. Upright rounded habit. Glossy dark red bark. Fruits are 1/2", deep red & persistent but do not drop.	20' x 20'	4 #5	42.5 Sun
Crabapple	Prairifire	Excellent disease resistance. Flower buds a red opening to dark pinkish red single bloom. Red-purple foliage becoming reddish green. Upright rounded habit. Glossy dark red bark. Fruits are 1/2", deep red & persistent but do not drop.	20' x 20'	4 #15	75.99 Sun
Crabapple	Robinson	Upright growing with dense branching. Single deep pink flowers are followed by dark red fruit. Bronze-green foliage turns orange in fall. Excellent disease resistance.	25' x 25'	4 #15	75.99 Sun
Crabapple	Sargent	Small, slow growing tree with red buds open to fragrant, white flowers in spring, followed by bright red fruit that attracts birds on this wide-spreading tree. Profuse bloomer. Excellent for espaliers.	6-8' x 9-15'	4 #5	42.5 Sun
Crabapple	Spring Snow	Covered with fragrant white flowers in spring. Bright green shiny foliage. Rounded form. Good heat tolerance. No fruit! Excellent to use near patio or courtyards where fruits might be objectionable.	25-30' x 15-20'	4 #15	65.99 Sun
Crabapple	Thunderchild	This upright spreading tree has deep purple leaves and flowers that appear before the foliage. Fire blight resistant.	15'-20' x 15'	3 #15	89.95 Sun
Crabapple	Thunderchild	This upright spreading tree has deep purple leaves and flowers that appear before the foliage. Fire blight resistant.		#5	42.5 Sun
Crabapple	Tina	This dwarf Sargent-type crab has pink to red buds that open to white flowers, followed by tiny red crabapples. It is disease resistant and is a highly ornamental small tree for limited space.	6-8' x 8-10'	4 #15	95.99 Sun
Crapemyrtle	Hopi	Winter hardy, Heavy bloomer with pink flowers and good disease resistance.	5'-10'	5 #1	9.99 Sun
Crapemyrtle	Tonto	The best cold hardy selection. Has fine, light tan and exfoliating bark. Fall color is bright orange-red to dark red.	5'-10' x 5'-10'	5 #1	9.99 Sun
Crapemyrtle	Tonto	The best cold hardy selection. Has fine, light tan and exfoliating bark. Fall color is bright orange-red to dark red.	5'-10' x 5'-10'	5 #3	25.8 Sun
Crapemyrtle	Zuni	Medium lavender flowers and orange red-fall color. Strong mildew resistance and cold hardiness.	5'-10'	5 #1	9.99 Sun
Crapemyrtle	Zuni	Medium lavender flowers and orange red-fall color. Strong mildew resistance and cold hardiness.	5'-10'	5 #3	29.99 Sun
Crapemyrtle	Red Filli	Bright red flowers reaches only 12-18" in height. The leaves turn purplish tint in the fall.	12-18"	4 #3	31.99 Sun
Cypress	Bald	Rapid to moderate growing. Very fine, soft, fern-like, and light green foliage. Grows profusely in wide range of soil types. Does well in extremely wet soil. Foliage may shed during drought periods but rarely damages the tree.	50-70' x 20-30'	5 #5	42.5 Sun
Dogwood	Kousa	This small tree is covered with outstanding white star-like blooms 3 to 4 weeks after white dogwood blooms. A strawberry-like fruit decorates this tree in fall. The lustrous dark green leaves tint red in the fall.	20'-30' x 20'-30'	5 #7	49.99 Shade to Part Sun
Euonymus	Dwarf Burning Bush	A compact slow growing deciduous shrub. Forms a dense, twiggy, flat-topped mound. The dark green leaves turn a brilliant rose-red in fall. Excellent as background, screen, or specimen.	5-6' tall	3 #2	23.99 Sun to Part shade
Euonymus	Emerald Gaiety	A compact spreading evergreen shrub. Leaves are deep green in center with white margins and hold their color year round. Excellent as a ground cover or accent plant. Will climb if planted next to a structure.	2' x 4'	5 #1	9.99 Sun to Shade
Euonymus	Emerald Gaiety	A compact spreading evergreen shrub. Leaves are deep green in center with white margins and hold their color year round. Excellent as a ground cover or accent plant. Will climb if planted next to a structure.	2' x 4'	5 #2	22.5 Sun to Shade

Euonymus	Emerald 'N Gold	A low-mounding, evergreen shrub. The upright growing foliage is deep green with a wide margin of pure gold turning pink-red in cold weather. Ideal for individual specimen, group or foundation planting.	2' x 5'	5 #1	9.99	Sun to Shade
Euonymus	Emerald 'N Gold	A low-mounding, evergreen shrub. The upright growing foliage is deep green with a wide margin of pure gold turning pink-red in cold weather. Ideal for individual specimen, group or foundation planting.	2' x 5'	5 #2	22.5	Sun to Shade
Euonymus	Moonshadow	A dense compact evergreen shrub. The foliage is yellow with thin green margins. An excellent plant for borders or low hedge.	1'-2' x 1'-2'	4 #1	10.99	Sun to Shade
Euonymus	Moonshadow	A compact spreading evergreen shrub. Leaves are deep green in center with white margins and hold their color year round. Excellent as a ground cover or accent plant. Will climb if planted next to a structure.	1'-2' x 1'-2'	4 #2	23.99	Sun to Shade
Forsythia	Lynwood Gold	Hardy, rapid & upright growing shrub. Brilliant golden yellow flowers open fully & are very heavily distributed along the stems in spring before foliage emerges. Good for cut flowers.	6'	5 #3	25.99	Sun
Ginkgo	Golden Globe	This tree has unusually dense branching for a ginkgo. Young trees have full crowns that mature into a broad rounded head. The leaves turn a striking golden yellow in the fall.	50' x 60'	3 #5	58.99	Sun
Hawthorn	Crimson Cloud	This thornless tree bears exceptionally large, single bright red flowers, with a star-shaped white area in the center of each bloom. Resistant to leaf spot diseases, it provides a second colorful display in fall when covered by glossy red fruit.	15' x 10'-15'	4 #15	65.99	
Hawthorn	Crusader	This thorn free tree has glossy green foliage that turns to a brilliant orange in the fall. White flowers blossom in the spring followed by abundant dark red fruit. Is city tolerant and has a silver-gray bark. Very disease resistant.	15' x 10'-15'	4 #7	95.5	Sun
Hemlock	Canadian	A graceful, pyramidal conifer has branches that will often droop. The new growth is yellow-green changing to a lustrous green. Valuable as a hedge, screen, foundation planting or accent plant. Susceptible to drought injury. Native to Indiana.	75' x 30'	3 #5	42.99	Shade
Holly	Blue Princess	The most prolific berry producer of the Blue Hollies. Large, dark bluish-green leaves on blue stems form a natural pyramid and compact habit. Rapid grower that produces glossy red berries.	10' x 8'	5 #1	10.99	Shade to Part Sun
Holly	China Boy	A fast growing cold hardy evergreen male holly. Compact mounded form. The glossy green foliage take shearing & shaping well. A truly exceptional landscape item.	10' x 8'	4 #2	22.99	Shade to Part Sun
Holly	China Boy	A fast growing cold hardy evergreen male holly. Compact mounded form. The glossy green foliage take shearing & shaping well. A truly exceptional landscape item.	10' x 8'	4 #1	10.99	Shade to Part Sun
Holly	China Girl	This quick growing female selection has one of the most exceptional berry sets of any holly. Growth habit is dense, upright and rounded form. It shears well so it can be kept much small and is useful as a hedge or large screen.	10' x 10'	4 #2	10.99	Shade to Part Sun
Holly	China Girl	This quick growing female selection has one of the most exceptional berry sets of any holly. Growth habit is dense, upright and rounded form. It shears well so it can be kept much small and is useful as a hedge or large screen.	10' x 10'	4 #1	10.99	Shade to Part Sun
Honeylocust	Shademaster	This upright, thornless variety of honeylocust has ascending branches that form a beautiful symmetrical head. The foliage is dark green that persists until late fall.	45' x 35'	4 #15	75	Sun
Honeylocust	Sunburst	New growth is bright yellow on 8" to 10" of the branch tips until mid-summer changing to bright green. It is probably the most popular of the yellowed-leaved trees. Broad pyramidal head, thornless and seedless. Valuable for light shade.	40' x 35'	4 #7	67.29	Sun
Honeysuckle	goldflame	Climbing honeysuckle vine producing handsome flowers, carmine buds open to pink in June and continue to bloom throughout the summer.		4 #1	10.99	Sun or Shade
Hydrangea	Alice	Vigorous form of Oakleaf Hydrangea. Dark green foliage becomes burgundy in fall. Large 12" creamy white panicles late May through early June.	6-10'	5		Part Shade to Shade
Hydrangea	Annabelle	Low growing shrub with dark green foliage in summer. Extremely large white flowers appear on new wood in mid to late June. Cut back each spring to keep blooms lower. Thrives in shade. Native to Indiana. Good as cut flower.	3-5' x 3'	3 #2	24.5	Shade to Part Shade

Hydrangea	Endless Summer	A new hydrangea, it's recurrent bloomer on new wood. Blue in acidic & pink in alkaline soil, 8" diameter, mophead flowers persist till fall frosts. Avery cold hardy selection.	3-5' x 3-5'	5 #2	29.99	Part Shade to Shade
Hydrangea	Endless Summer	A new hydrangea, it's recurrent bloomer on new wood. Blue in acidic & pink in alkaline soil, 8" diameter, mophead flowers persist till fall frosts. Avery cold hardy selection.	3-5' x 3-5'	5 #5	52.99	Part Shade to Shade
Hydrangea	Glowing Embers	One of the best small summer-flowering shrubs with fluorescent pink blooms that will not turn blue. Glossy, dark green foliage provides the perfect background for flowers. Excellent for foundation, mass plantings & specimen plant.	3' x 3'	5 #3	28.99	Part Shade to Shade
Hydrangea	Limelight	Unusual lime-green flower clusters from late July into autumn, turning to rich deep pink, then burgundy. Eye-popping with all colors displayed on one bush. Easily pruned to shorter stature. Good as cut flower.	6-8' x 6-8'	4 #2	21.99	Part Shade to Shade
Hydrangea	Nikko Blue	Acid soil produces blue flowers while alkaline soil results in pink blooms. The tops die down to the ground in the winter. Given a little protection the crowns will grow into bushy shrubs in 1 season. Both hardy & beautiful. Produces flowers on old wood.	3' x 3'	5 #2	19.99	Part Shade to Shade
Hydrangea	Oakleaf	A large shrub with masses of cone-shaped white flower heads held erect above green leaves that turn bright burgundy in fall. Excellent specimen plant, mass plantings or foundation. Native to Indiana.	3-5' x 3'	5 #3	26.99	Part Shade to Shade
Hydrangea	Pee Wee	Dwarf Oakleaf Hydrangea a very unique & compact form with a low mounded habit & smaller leaves & flowers than the species. Excellent wine red fall foliage. Great for smaller gardens.	3' x 3'	5 #2	24.99	Shade to Part Sun
Hydrangea	Pink	Low growing deciduous shrub with large, lustrous leaves & clear pink mophead flowers. Plants die back to the ground in winter & bloom freely on new wood in summer. Mulch protection advised for colder climates.	3' x 3'	5 #5	30.59	Part Shade to Shade
Hydrangea	Pink Beauty	Clear pink mophead hydrangea selection with lustrous green foliage. A rounded shrub that matures at 5" high and wide.	5' x 5'	5 #5	30.99	Shade to Part Sun
Hydrangea	Endless Summer Blushing Bride	Dark, glossy green foliage makes the perfect canvas for this lovely repeat, white mophead blooms that measure up to 6" across. As the blooms mature, they turn a lovely blush pink or blue depending on the soil acidity.	3-5'	5 #2	29.99	Part Shade to Shade
Hydrangea	Pia	Broad heads of rich pink flowers cover the bushy rounded shrub. Excellent for patio containers. Matures 18" tall and wide.	18"	5 #3	28.99	Part Shade to Shade
Hypericum	Sunburst	(St Johnswort) Drought tolerant, low growing, deciduous shrub with glossy blue-green leaves on erect stems. Bright golden yellow flowers adorn the plant from June to mid October.	2' x 3'	5 #3	24.99	Full sun to Shade
Inkberry	Shamrock Compact	Handsome compact form of the native Inkberry with lustrous green leaves. Slow-growing & tolerates wet sites.	3-4' x 3-4'	3 #3	36.99	Partial shade
Itea (Sweetspire)	Little Henry Dwarf	Sweetly scented, pure white flowers that cover the plant on a low mounded compact bush. Brilliant fall color. Prefers moist, fertile soils. Attracts butterflies.	1 1/2'-2' x 3'	5 #1	8.99	Sun to Shade
Juniper	Blue Point Spiral	Medium-size pyramidal growth habit with extremely dense branching. Beautiful blue-green foliage. Trimming is required to maintain spiral. Junipers perform best if planted in well drained soil with pH 5.5-7.0.		4 #7	122.99	Sun
Juniper	Blue Rug	A spectacular very low trailing juniper, with definite silver-blue color. Good growth habit with full center. Excellent ground cover or bank planting.	6-8" x 6-8'	4 10.25	8.99	Sun
Juniper	Blue Star	Low, rounded, slow growing juniper with striking silver-blue foliage that adds interesting contrast to the landscape. Great evergreen for foundation or mass plantings.	2' x 2'	4 #1	8.99	Sun
Juniper	Blue Star	Low, rounded, slow growing juniper with striking silver-blue foliage that adds interesting contrast to the landscape. Great evergreen for foundation or mass plantings.	2' x 2'	4 #2	23.99	Sun
Juniper	Compact Andorra	Dense branching, compact growing with full center. Bright green summer foliage turns a rich bronze-purple in winter.	18" x 6'	3 #1	10.25	Sun

Juniper	Dwarf procumbens	Low spreading ground cover. Excellent for rock gardens, bonsai, or patio plant.	10"-12"x3'-4'	4 #1	8.99 Sun
Juniper	Gold Lace	A golden Pfizer that is probably the most golden of all. A compact habit that does not grow out of bounds. The golden hue reaches the center of the plant resulting in less color. Gold intensifies in fall & winter. Great for fountain & mass plantings.	4' x 6'	4 #1	11.5 Sun
Juniper	Old Gold	One of the finest golden spreaders. It has quality winter color making it an outstanding addition to any landscaping. Slow growing.	3-4' x 3-4'	3 #5	34.99 Sun
Juniper (Hetzi)	Pompom	Attractive dark green juniper with dense growth habit. Much trimming is required to the pompom's proper shape. Junipers perform best if planted in well drained soil with pH 5.5-7.0.		4 #5	98.5 Sun
Juniper (Hetzi)	Spiral	Attractive dark green with dense habit of growth. To maintain the shape of the spiral much trimming must be done. Junipers perform best if planted in well drained soil with pH 5.5-7.0.		4 21BX	275 Sun
Lilac	Dwarf Korean	Very hardy, low growing lilac. Reddish-purple bud that open to single, pale lilac bloom & is very fragrant. It bears profuse blooms at an early age. Looks like a miniature or dwarf plant. Mildew resistant. Attracts butterflies.	4-5' x 5-7'	4 #2	17.5 Sun
Lilac	Dwarf Korean	Tree form has the same fine features of the shrub form. Makes an excellent globe form for accent or interest in the landscape. Very hardy with fragrant pale lilac blooms. Mildew resistant.		4	104.99 Sun
Lilac	Japanese Tree	Enormous creamy white blooms appear in an early age on this sturdy, compact, tree-form lilac. Bark is a handsome reddish-brown. Dark green summer foliage is not as susceptible to insect & diseases as the common lilac.	20' x 15'	3	
Lilac	Miss Kim	A new small hardy lilac from Korea. Dark green foliage turns burgundy-red in fall. Deep purple buds that open to single, fragrant, pale lilac flowers when other lilacs have finished in May & June. Attracts butterflies.	3' x 3'	3 #2	18.99 Sun
Lilac	Purple Persian	Vigorous, upright grower with dark green leaves & arching branches. A profusion of fragrant lilac-purple blossoms in the spring. One of the best for general purpose planting because of its free blooming qualities. Attracts butterflies.	4-8' x 5-10'	4 #2	27.5 Sun
Lilac	Purple Persian	Vigorous, upright grower with dark green leaves & arching branches. A profusion of fragrant lilac-purple blossoms in the spring. One of the best for general purpose planting because of its free blooming qualities. Attracts butterflies.	4-8' x 5-10'	4 #3	34.5 Sun
London Planetree	Bloodgood	Excellent tree for urban situations. Wide spreading, rounded form. Adaptable to adverse soil conditions, heat & drought. Highly resistant to anthracnose. Rapid growing tree. Exfoliating bark. Yellow fall color.	90' x 60'-70'	5 #15	75.99 Sun
Magnolia	Edith Bogue	Cold hardy evergreen clone with tight, pyramidal habit. Lustrous green foliage has a rust pubescence underneath & is topped with creamy white, fragrant blooms in May.	60-80' x 30-50'	5 #10	75.99 Sun to Part shade
Magnolia	Star	Medium, upright growing deciduous shrub or small tree. Abundant fragrant white flowers with many more petals than saucer magnolia.	15'-20' x 10'-15'	4 #5	36.5 Sun to Part shade
Maple	Autumn Flame	The first red maple to show color in the fall. Autumn Flame forms a dense well rounded crown. Leaves are smaller than most red maples, turning bright red in the fall.	50' x 35'	4 #15	75.99 Sun
Maple	Autumn Flame	The first red maple to show color in the fall. Autumn Flame forms a dense well rounded crown. Leaves are smaller than most red maples, turning bright red in the fall.	50' x 35'	4 #7	71.5 Sun
Maple	October Glory	Most impressive for the crimson-red fall color that lasts longer than many other red maples. A popular cultivar with good form, tend to hold its leaves late.	60' x 40'	5 #15	75.99 Sun
Maple	Red Sunset	Slightly more upright than 'October Glory', this cultivar has excellent orange to red fall color. Holds leaves late into the fall.	45-50' x 35-40'	4 #5	45.99 Sun
Maple Japanese	Bloodgood	Upright habit with good red leaf color that holds longer than other upright Japanese Maples. Ideal specimen for small protected gardens.	20' x 15'	#10	162.59 Part Sun to Shade

Maple Japanese	Garnet Red Laceleaf	Rich gemstone garnet color faded to purple green. A sight to behold in the fall when the foliage is on fire.	10'	5 #3	Part Shade to 75.29 Shade
Maple Japanese	Butterfly	Masses of tiny, red, spring flowers contrast against delicate grey-green leaves with slender white-pink margins. It thrives in partial shade since the variegated foliage scorches in full sun. Likes moist soil.	10' x 5' wide	5 #3	Shade to Part Sun
Maple Japanese	Bloodgood	Upright habit with good red leaf color that holds longer than other upright Japanese Maples. Ideal specimen for small protected gardens.	20' x 15'	B&B	151.99 Part Sun to Shade
Ninebark	Diablo	Beautiful reddish-purple foliage on long arching canes forming a rounded mound of foliage. Though it gets quite tall, it can be controlled by cutting branches back to the ground each spring. Blooms creamy white flowers in spring. Attracts butterflies.	8'-10' x 8'-10'	2 #2	24.99 Sun for best color
Oak	Pin	A rapid growing oak. Use as a street or specimen tree. The leaves have many lobes & are sharply pointed. Bright red fall color. Leaves hang on tree into the winter. Prefers moist, rich, well drained soil.	60'-70' x 20'-40'	4 #5	37.99 Sun
Oak	Pin	A rapid growing oak. Use as a street or specimen tree. The leaves have many lobes & are sharply pointed. Bright red fall color. Leaves hang on tree into the winter. Prefers moist, rich, well drained soil.	60'-70' x 20'-40'	4 #15	65.99 Sun
Pear	Aristocrat	A beautiful pyramidal ornamental pear with strong branching & very high quality shimmering foliage. This tree will grow rapidly the first 7-8 years. Flowers in the spring. & has good fall. This is a great tree for shade, street or accent.	40'-50' x 40'	5 #5	44.99 Sun
Pear	Aristocrat	A beautiful pyramidal ornamental pear with strong branching & very high quality shimmering foliage. This tree will grow rapidly the first 7-8 years. Flowers in the spring. & has good fall. This is a great tree for shade, street or accent.	40'-50' x 40'	5 #5	44.99 Sun
Pear	Bradford	A beautiful, thornless, symmetrical, upright growing ornamental tree. Branches covered with white blossoms in the spring before dark green foliage appears. Fall color ranges from gold through orange, & red to deep mahogany. Non-fruiting. Fast growing	30'-50' x 20'-30'	5 #7	68.99 Sun
Pear	Bradford	A beautiful, thornless, symmetrical, upright growing ornamental tree. Branches covered with white blossoms in the spring before dark green foliage appears. Fall color ranges from gold through orange, & red to deep mahogany. Non-fruiting. Fast growing	30'-50' x 20'-30'	5 #5	30 Sun
Pieris	J. Little Heath	Dwarf and compact variety with small, narrow pink-flushed new growth that ages to green with silvery-white margins. Grows to 18-24" tall and wide. Evergreen.	18-24"	5	Shade to Part Sun
Pine	Eastern White	One of the fast growing landscape Pine with long, soft bluish-green needles. It is adaptable for use as a specimen tree, screen or sheared hedge. Native to Indiana.	50'-80' x 40'	3 #2	12.99 Sun
